NOTES WHEN USING SIX GUN SOUND RULES

SETTLEMENT LEVEL

This depends on the class of town:
1 horse = settlement level 2
2 horse = settlement level 3
3 horse = settlement level 4

THAT DUDE LOOKS LIKE A LADY

When generating characters in settlements:
Roll 1D6: 1-4 male, 5-6 female

DETERMINING LOCATIONS

If the Marshal gets a posse game, to determine where it is:
Determine two town locations. It will be somewhere between them.
Then determine the odds by scaling factors based on location:

Type	Factor
Soddie	1
Farm	2
Ranch	3
Town (1 horse)	4
Town (2)	6
Town (3)	8

TRAVELLING DURING A SEASON.

Randomly deteremine the location. Treat each change of Settlement Level as a test.
So, if at Browning and going to Stubville,
Check at:
Browning/ Walker's Ferry
Midway
Railhead
